## Life Application Notes

### Jesus is Greater Jesus is the Greater Saviour

#### **Opening Up**

What did you think of the sermon on Sunday? Was there anything you found particularly useful/memorable/striking?

#### **Digging In**

Read: Hebrews 2:1-4

The author of Hebrew 2 is particularly concerned with Christians drifting, what do you think is meant by that?

What do you think are some of the things that can cause Christians to drift?

TANGENT WARNING: these kind of questions can lead to people asking things along the line of “can a Christian lose their salvation?” or questions about assurance. So you may want to be ready for that

Read: Hebrews 2:5-18

What impact do you think the difference between us and Angeles that is suggested in verse 5 is supposed to have on us?

What does verse 17 mean by propitiation/atonement?

Then going back to verse 9 and 10 what does Jesus death mean for us?

How is the way that Jesus is described in verse 18 both unique and an inspiration for us?

#### **Rounding Off**

What would be the symptoms if we were to “neglect our salvation” and how can we keep watch for them?
